Position Requested:

Director / Flash Developer and Designer / Sr. Web Developer / Sr. Web Designer

Position Details:

Multimedia Director - Managed web and multimedia projects for clients and internal promotions. Developed & designed Flash sites, rich-media banners, designed and developed html & hybrid sites, on-line applications, ads, packaging design, and product illustrations. Client work includes Lexus, Unilever, Kraft Foods, Fujifilm USA, Duracell, Timex, Spalding, Georgia-Pacific, Schick, Remington, Damprid, Reckitt Benckiser, Coty and Diageo. I've also worked in collaborations with Yahoo, AOL, and Fox Interactive Media .

Profile:

Multi Talented Team Player with years of experience in both web and print design. Enjoys sharing knowledge with coworkers in order to successfully complete projects. Creative and Efficient - known for speed, quality and flexibility.

A Recent Client Quote:

"I've been through a lot of system creation jobs, but this was, by far, the smoothest... There hasn't been one bug which is really exceptional! Also, he had the site up and running in under a month... Alex is extremely intuitive and a pleasure to work with."
